INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner for Patents
Washington, DC 20231

Sir:

Pursuant to 37 C.F.R. § 1.97 the Examiner may wish to consider the references listed on the attached PTO Form-1449. In submitting these references for the Examiner's consideration, no representation is made or implied that these references are or are not material to the examination of the application. The Examiner is encouraged to make his or her own determination of materiality. Copies of the references are enclosed.

In particular, the pictures show a soccerball that has a sound generator, lights, and a motion detector. When the soccerball is struck, the lights flash and the sound of a bomb falling and exploding is generated. There is not, however, any time component associated with the ball. Based on information and belief, Innoland, Inc. is the assignee of a patent application related to the sound and light generating soccerball.

This Information Disclosure Statement is being filed pursuant to 37 C.F.R. § 1.97 (b), before an issuance of an office action. Thus no petition fee is believed required. However, any fees associated with this communication may be charged to Deposit Account No. 08-2623.

Signed at Denver, Colorado, this 18th day of March 2002.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Brian P. Kinnear", written over a horizontal line.
